Your Employee Benefit Can Help Protect Your Identity and Devices.

Everyday we put our information at risk on the internet.

Everyday activities like online shopping, banking, and even browsing can expose your personal information, making you more vulnerable to cybercrime.

LifeLock with Norton Benefit Plans combine leading identity theft protection and device security against online threats, viruses, ransomware and malware, at home and on-the-go. Let us help protect your identity, your devices and your online privacy, in an always connected world.

Get more value for your money! Enroll through your employer today!

Monthly Rates
Employee Only (18+ Years Old) $8.89
Employee + Family* $15.89

† The LifeLock Benefit Junior plan is for minors under the age of 18. LifeLock enrollment is limited to employees and their eligible dependents. Eligible dependents must live within the employee’s household, or be financially dependent on employee. LifeLock services will only be provided after receipt and applicable verification of certain information about you and each family member. Please refer to employer group for the required information under your plan. In the event you do not complete the enrollment process for any family member, those individuals will not receive LifeLock services, but you will continue to be charged the full amount of the monthly membership selected until you cancel or modify your plan at your employer’s next open enrollment period, which may be annually. Please note that we will NOT refund or credit you for any period of time during which we are unable to provide LifeLock services to any family member on your plan after your benefit effective date due to your failure to submit the information necessary to complete enrollment. If you do not complete the enrollment process for each family member, you may continue to pay more for LifeLock services than you otherwise would if you had selected a lower tier plan.

Of identity theft victims who contacted the Identity Theft Resource Center in 2018:

5 If your plan includes credit reporting, scores, and/or credit monitoring features ("Credit Features"), two requirements must be met to receive certain benefits: (i) your identity must be harmed, as determined by LifeLock; and (ii) a Credit Feature from each credit bureau (Equifax, Experian, and TransUnion) must be capable of being monitored by LifeLock. These credits may not be set aside when monitored by another credit monitoring service. Therefore, if you select LifeLock with Credit Features from one or two credit bureaus, you may not receive all the benefits of a Credit Feature for the third credit bureau. See the “What We Monitor” section below for details. In the event you do not receive all of the benefits of every Credit Feature, in order to receive the full benefits of your plan, you must contact LifeLock to activate Credit Features from each credit bureau that monitors your credit. For LifeLock plans that monitor credit information from only one credit bureau, you may not receive certain benefits of your plan. For example, if you select LifeLock with Credit Features from only one credit bureau, you may not receive certain benefits of your plan that require credit monitoring from at least two credit bureaus. Your trial period will begin on the date you activate the Credit Features from your chosen credit bureau(s). See the “What We Monitor” section below for details. All Credit Features, including the Credit Feature(s) you select, may not be available at all times, and the availability of Credit Features may vary by state and credit bureau. Credit features are not available in all states, and not monitor all transactions at all businesses.
